# What is Melibea?

---

Melibea is a Spanish organization dedicated to the promotion of the Spanish language and culture in the world. We carry out this promotion organizing and managing seminars, events and courses for students of Spanish as a foreign language as well as national & international educational and corporate organizations.

Based in La Coruña, in the Northwest of Spain, we are a small professional team with more than ten years of experience in educational and cultural areas, dedicated to satisfy our clients' needs and facilitate their personal and professional experience in Spain.

Thank you for your interest in Melibea, we are at your disposal to help you.

---

# Our Courses

---

Our courses are designed for students who wish to improve their command of the Spanish language more effectively, in small groups, with a combination of traditional classes, individual conversation classes and a social and cultural integration program which allows our students to listen, speak, practice and learn Spanish in an active and easy manner.

In our courses, the student is in touch with the Spanish language and culture around 40 hours per week. Our immersion program is prepared to facilitate the progress in the learning of the Spanish language of each of our students, in a friendly, open and professional way. We offer our courses in La Coruña, in the North, and in Sevilla, in the South.

# Summer Courses

Our Spanish language and culture Summer courses 2017 will take place in La Coruña during June and July.

They are immersion courses of 40 hours of study and practice per week, designed for students of Spanish as a foreign language (ELE) who desire to progress quickly in their command of the Spanish language, and want to dedicate their time in Spain to take a closer look at the Spanish society and culture.

Each course has a limited student size of 8 to 10 people, so each of our students receives a close attention and a personalized dedication from our team.

The program is offered to international students with an Intermediate level of Spanish, equivalent to the levels B1 (Intermediate) and B2 (Intermediate high), according to the Common European Framework of Reference for Languages.

---

# Our Classes

---

Our classes will take place in the Language Center of the University of La Coruña, the department of languages integrated in the university.

The Language Center has taught Spanish courses for more than ten years to international students from Europe, America, Africa and Asia, through different collaboration programs, and through Spanish courses for their ERASMUS students, which are offered all year round.

The classes will take place at the language center in the morning, four hours per day (with short breaks for rest & coffee). The classes will be destined exclusively for the students from our group, with a maximum size of 10 students.

The classes are given using a modern and enjoyable methodology, focusing in the areas of Spanish Language, Oral Communication and Spanish Culture and Civilization.

---

# Social Integration

---

Our integration program is prepared keeping in mind the interests and needs of each of our students. In the afternoon, they will participate in diverse activities , whether directly or in collaboration with several local social, cultural and sports.

Our students participate in three types of activities: sports, cultural and social. Our team designs the program looking for an equilibrium with the objective of making the students learning experience effective and fun.

The integration program for the Summer courses will be developed around the summer opportunities in La Coruña, a perfect time to participate in the large number of cultural events and local festivities taking place in the city.

---

# Discover La Coruña

---

Our Summer program will take place in La Coruña, a beautiful city in the north of Spain which meets all the requirements to have a complete learning experience during their stay in Spain: a long history, a sound cultural presence and friendly local people open to meeting our students. In fact, the city's motto is "La Coruña: a city where nobody is a foreigner."

La Coruña is an ideal city to carry out our program: it is beautiful, medium sized, its people are friendly, and the Spanish language spoken here is elegant, clear, and with a Northern touch which our students shall love to hear.

Also, our team of professionals is local, we know the whole city and its cultural, social and sports opportunities, so we can prepare an integration program tailored to our students' needs, so they can have a complete experience learning our language.
